RE: Town Council Building and Zoning Report

Building Permit Update:

As of today we have issued a total of 32 Building permits with four permits pending on Planning Board results or lack of information. Two single family dwellings have been issued a certificate of occupancy and two more are in the early stages of building construction. Inspections and documentation of all permits are being stored on a excel spreadsheet. Inquiries and phone calls are being fielded in a timely manor and I have been receiving positive feedback from contractors, residents and all individuals I have been in contact with. I have spent some time updating and organizing past documents that were not filed appropriately, and this continues to be an ongoing venture.

Property Maintenance Code violations are being attended to in accordance with the 2010 NYS Property Maintenance Code regulations. As of date there are currently 18 cases that have been worked on in regards to the NYS code requirements. Six or more cases have involved the storing of unlicensed or inoperable motor vehicles and they are either complete or being attended to accordingly. Other cases involve various property code violations such as storing rubbish, junk or not maintaining the minimum code requirements set forth by NYS.

I am working and will continue to work on the tasks that are presented to me in a diligent and timely manner.

Please do not hesitate to contact me if you have any questions in regards to this report at 343-1729 ext 222 or dlang@townofbatavia.com.

Thank You

Daniel J Lang

Building and Zoning Official

Request from Dean Davis to purchase a fire hydrant that the town has
